Australasian Genealogical Computer Index (AGCI)
AGCI is the most comprehensive name index to Australasian source material - over 3.9 million names drawn from the collections of 39 Australian & New Zealand family history societies, including cemeteries, shipping and newspapers. Fully searchable by name, date, place, event and source of the information. Also available on microfiche.

Library catalogue
To discover what additional information about Victorian cemeteries is held in the State Library Victoria’s collections, search the catalogue using the following search terms

- **Cemeteries -- Victoria**
- **Epitaphs -- Victoria**
- **Sepulchral monuments -- Victoria**
- **Undertakers and undertaking -- Victoria**

Searching the library catalogue for histories of Victorian cemeteries is also recommended as such publications may include lists of interments.
